Open Your Home to the Power of Satellite Radio

TriplePlay XM-3000—Multiplying the Power of XM Satellite Radio

Now you can enjoy all the advantages of XM Satellite Radio throughout your home with the *Antex TriplePlay XM-3000*. Designed to integrate into any multi-room entertainment system, the XM-3000 lets you stream three XM radio stations simultaneously to any room in your house.

TriplePlay installs quickly and easily. And once installed, you'll have immediate access throughout the home to more than 100 channels of the most dynamic programming available anywhere.

Customize Your Listening Tastes

TriplePlay let's you select from XM's 68 Commercial-Free Music Channels, 33 Channels of News, Sports, Talk & Entertainment, 21 dedicated Channels of XM Instant Traffic & Weather, and the deepest playlist in the industry with access to over two million titles! Hear today's hits to R&B oldies to classical masterpieces, from authentic country and real bluegrass to cool jazz, hot Latin, reg-

gae, rock, dance, new age and even kid's music.

What's more, *TriplePlay* gives you the option to select the programming for three independent listening zones from the front panel of the receiver, while also giving you independent control remotely from within each zone. With *TriplePlay*, a family can be listening to the latest top 10 in your living room, sports in the family room and the latest breaking news around the world in your bedroom.

Beyond AM. Beyond FM. XM.

TriplePlay Feature Highlights

Front Control Panel—Locally control *TriplePlay*'s receiver and view the status of each zone instantly.

Multizone Display—A wealth of information from *TriplePlay*'s single display front panel, including instant status of the receiver in the setup, category list, parental lock and normal modes of operation, and full title, track, and artist information for all three zones.

Flexible Control Options—Use the front panel, an external controller unit via the RS232 control port, a hardwired IR port, or an IR remote control unit to control *TriplePlay*'s receiver.

Multiple Zone Presets—Store 10 presets for each of *TriplePlay*'s three zones. That's 30 presents in all.

Analog and Digital Outputs—Past, present and future compatibility is guaranteed with *TriplePlay*'s analog and digital outputs. The receiver uses the latest TOSLink Digital S/PDIF Output and more traditional RCA Stereo Outputs for each zone.

Stream Lock Parental Control—*TriplePlay* is a parent's dream, offering you the ability to block channels you don't want your family to hear. If you forget the parental control code, use the master password reset function to re-gain channel access.

Channel Skip Control—Want *TriplePlay* to play only the channels you like best and skip others? This feature allows you to designate the channels you want to hear, and exclude those you don't, all the while retaining the ability to scan through all channels using regular channel commands.

Antenna—*TriplePlay*'s easily installable, high gain omnidirectional antenna is small in size and big in performance.

Analog Performance

- Compression: AAC Plus
- Conversion: 24 bit D/A
- Frequency Response: 20 to 20kHz ±3dB
- Harmonic Distortion: < 0.02%
